

MULTI SURFACE CLEANER

PORCELAIN, CERAMIC, NATURAL STONE, VICTORIAN TILE, ENCAUSTIC TILE, TERRAZZO, CONCRETE, TERRACOTTA, VINYL, WOOD AND LAMINATES

- pH neutral: does not damage delicate surfaces.
- Does not leave a residue.
- Water-based technology.
- Contains biodegradable ingredients.

WHAT IT'S FOR:

- Ideal for routine cleaning.
- Quick drying without the need to rinse.
- Does not leave streaks.

HOW TO USE IT:

Maintenance cleaning: dilute the product 1:200 with clean water (approx. 3 capfuls of **MULTI SURFACE CLEANER** with 5L of water). Using a well wrung mop, clean the floor using the diluted solution 2-3 m² at a time, rinsing the mop often in clean water. Leave the surface to dry. No need to rinse at this dilution.

For stubborn cleaning: use a more concentrated solution. Dilute 200 mL of **MULTI SURFACE CLEANER** in 5L of water. Apply the solution across the surface and clean using a cloth, suitable pad or brush. Remove any residue with a clean cloth and rinse well.

PACKAGING	PIECES PER CARTON	APPROXIMATE COVERAGE (1 LITRE):
1L	12 pz	Maintenance, dilution 1:200: 1200 m ²

STORAGE TEMPERATURE:

Between 5°C and 30°C.
